Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$5,500/Individual or 11,000/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan ?	For network providers \$6,550 individual / \$13,100 family; for out-of-network providers \$13,100 individual / \$26,200 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.BlueKC.com or call 1-877-410-6716 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network

		provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see a specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
