Hi Cynthia,

I apologize that our phone system is currently down. Here is a brief overview of your policy with Blue Cross Blue Shield.

Your Blue Cross Blue Shield Policy:

Specialist Visits: \$30.00

Your Accident Protection Plan is through Value Benefits of America (VBA) which will cover you up to \$2500 in the event there was ever an accident it would help cover some of those cost. This portion of of your policy is \$29.95

Included with your policy is also an enrollment to Insurance Concierge \$14.99 -- this is the the medical, dental and vision discounts as well as the \$0 co-pay for Tele-medicine where you can call a Dr 24/7 explain your signs and symptoms and as long as you don't need any narcotic prescribed to you they can send that prescription directly to your pharmacy.

Thank You,

Brandi Salisbury
