## WORK EXPERIENCE

### **Sales Manager**

Bluegreen Vacations - October 2014 to September 2015

Accomplishments

Tripled sales in one month

Motivated the sales team to become the top selling location in the whole entire company 6 months in a row.

Received two promotions in only six months.

Took over a struggling marketing location on October 27th, 2014. We successfully became the #1 outlet marketing location 6 months in a row, and each rep held positions on the top 25 in the company, including the #1 rep in the company.

In May 2015 I was promoted to a larger location, and we successfully broke the store record for sales in a month in the first month. We continued to beat sales records several times in just a 5 month span.

I am good at what I do because I have removed the quit option.

### **Sales Representative**
