Subject: Policy Information

Hi Carol,

I have been trying to reach you but unfortunately I am having difficulties dialing out and believe we are having an issue with our phone system. Here is a brief overview of your policy for yourself and John.

There are (3) portions to your Vantage Plus Policy:

Major Medical Portion of your policy (enrollment id # 2257269774) \$17.44
with this your deductible is \$0.00
Your Max Out of pocket is \$7150
Dr Visits: \$45
Specialist: \$80

Your Accident Portion of your policy is through Value Benefits of America (VBA) \$34.95
Policy #400054370
This will have a payout of up to \$2500 in the even either you or John were to have an accident and that \$2500 could be used for any expenses.

Also included with this policy is an Insurance Concierge enrollment \$24.99
Policy #6786707
This is the portion of the policy that has the medical, dental, vision and hearing discounts as well as the \$0 co-pay for Tele-medicine where you and John could call a DR toll free explain your signs and symptoms and as long as neither one of you needed a narcotic prescribed to you that prescription could then just be sent straight to y'all s pharmacy.

While each portion of your policy is billed separately for compliance reasons. You will never pay any more than \$77.38 a month.

Thank You,

Brandi Salisbury
