Understanding Your Terminal Illness Accelerated Benefit Rider

(Critical Condition Accelerated Benefit Rider)

This document provides a general summary of the Terminal Illness Rider. It is intended to help You (the covered person under the Rider) understand this valuable coverage. It is not the Rider or the Policy contract with Colorado Bankers Life Insurance Company ("We", "Us"). The Policy and Rider contracts set forth the terms and limitations applicable to the Rider. (Terms which have definitions are capitalized).

DEATH BENEFITS PAID WILL BE REDUCED IF AN ACCELERATION OF LIFE INSURANCE BENEFIT IS PAID PLEASE READ THIS DOCUMENT CAREFULLY.

TAX & PUBLIC AID

The acceleration-of-life-insurance benefits offered under this rider may or may not qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration-of-life-insurance benefits qualify for favorable tax treatment, the benefits will be excludable from your income and not subject to federal taxation. Tax laws relating to acceleration-of-life-insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration-of-life-insurance benefits excludable from income under federal law.

Receipt of acceleration-of-life-insurance benefits may affect your, your spouse or your family's eligibility for public assistance programs such as medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance programs. You are advised to consult with a qualified tax advisor and with social service agencies concerning how receipt of such a payment will affect you, your spouse and your family's eligibility for public assistance.

II. HOW THE RIDER OPERATES

A. BASIC OPERATION OF THE RIDER

The benefits of the Terminal Illness Rider (the "Rider") are provided in addition to any other benefits provided under the Life Insurance Policy to which it is added (the "Policy"). The Policy and the Rider must be in force for the Rider to provide any benefits. If the Policy or the Rider end, the Rider provides no benefits.

If the Primary Insured under the Policy experiences a Covered Condition, is eligible for benefits under the Rider, and meets all the other terms and requirements of the Rider, We will pay the benefits described in the Rider. Those benefits are payable to the Owner ("You") under the Policy, or in the event You do not survive the date a claim is payable under the Rider by 30 days, then to the Beneficiary under the Policy, using the Policy's rules for paying the death benefit to the Beneficiary. The amount of the benefit payable to the Owner under the Rider will depend on the Covered Condition that the Primary Insured experiences.

Covered Conditions have the definitions given below. Those definitions must be satisfied for benefits to be payable under the Rider.

The amount of benefit payable for a Covered Condition is 100%, 25%, or 10% of the Face Amount of the Policy. The specific percentage of the Face Amount of the Policy payable for each Covered Condition is given below. No more than a total of 100% of the Policy Face Amount (as defined in the Rider), prior to deducting any amount payable under the Rider, will be payable under the Rider.

To be eligible for benefits under the Rider: (1) the First Ever Diagnosis or procedure involving a Covered Condition must occur, after the Waiting Period, and while the Rider is in force, and must satisfy the other rules under the Rider; and (2) a request for benefits that complies with all the rules for filing such claim must be made to Us.

B. AMOUNT PAYABLE FOR EACH COVERED CONDITION

The percentage of the Policy's Face amount (death benefit) that is payable for each Covered Condition is listed below.: No administration fee will be charged in connection with the payment of this benefit.

- Covered Conditions eligible for <u>100%</u> of the Policy Face Amount
 - (1) Advanced Alzheimer's Disease
 - (2) Major Burns
 - (3) Heart Attack
 - (4) Invasive Cancer
 - (5) Loss of Independent Living
 - (6) Loss of Limbs
 - (7) Major Organ Transplant
 - (8) Paralysis
 - (9) End-stage Renal Failure
 - (10) Stroke
 - (11) Terminal Illness
- Covered Conditions eligible for <u>25%</u> of the Policy Face Amount
 - (1) Coronary Bypass Surgery
 - (2) Heart Valve Replacement/Repair Surgery
 - (3) Aortic Surgery
- Covered Condition eligible for <u>10%</u> of the Policy Face Amount
 (12) Angioplasty

C. PAYMENT OF BENEFIT - EFFECT ON POLICY

When 100% of the Face Amount of the Policy is paid under the Rider, the Policy will end. When a benefit of less than 100% of the Face Amount is paid under the Rider, the following will occur: (1) the Face Amount of the Policy will be reduced by the amount of benefit paid under the Rider, and

Administrative Office: 5990 Greenwood Plaza Blvd., Suite 325 Greenwood Village, CO 80111 303.220.8500 | 800.367.7814 CBLife.com

sending Us written proof of the Covered Condition involved, the affected person, and the extent of the loss.

any remaining Face Amount will be paid upon the death of the Insured; (2) the premium for the Policy will be reduced to reflect that reduction; (3) these changes to the Policy will be effective as of the Eligibility Date of the Covered Condition supporting the benefit payment; and (4) the Rider will continue, but benefits for later Covered Conditions will be subject to the Rider's rules, including those for repeat occurrences of a Covered Condition stated below. The Eligibility Date is defined below.

D. GENERAL LIMITATIONS

• Requirements before benefits are payable

Benefits will be payable under the Rider for a Covered Condition only if the Policy and rider are in force at the time that Covered Condition occurs. Otherwise, no benefits will be payable for that Covered Condition.

Requirements of Diagnosis

For proof of an occurrence of a Covered Condition, We must receive a Diagnosis of a Covered Condition by a Legally Qualified Physician, including documentation supported by clinical, radiological, histological and laboratory evidence of the Covered Condition. The proof of occurrence must be satisfactory to Us; and We may require, at our expense, an exam or further tests by a physician of our choice. If there is a conflict in a medical opinion between your physician's opinion and our physician's opinion, the opinion of our physician will prevail.

Repeat Occurrences of a Covered Condition

If less than 100% of the Face Amount of the Policy is payable for a Covered Condition, only one benefit will be payable for that Covered Condition even if there is a later occurrence of the same or a similar condition. A similar condition includes any Covered Condition eligible for the same percentage of the Policy Face Amount as a benefit.

Major Heart Surgery Benefit Pre-conditions

No benefit is payable under the Rider for the following Covered Conditions - Coronary Bypass Surgery, Heart Valve Replacement/Repair Surgery, or Aortic Surgery – unless the following exists:

- A report from a consultant cardiologist, to include evidence of prior treatment using appropriate medication,
- Evidence of significant electrocardiogram (EKG) changes,
- Angiographic evidence of the underlying disease, and
- An unequivocal recommendation for the surgery from a consultant cardiologist.

Claim Rules

Notice of Claim and Proof of Loss

We must be given written notice of claim for a Covered Condition within 30 days after the Eligibility Date for that Covered Condition or as soon as reasonably possible. Written proof of loss must be given to Us within 90 days after the Eligibility Date of the underlying Covered Condition, or as soon as reasonably possible, but never later than two years from the time the proof is required except as stated below or in cases of legal incapacity.

When We receive a notice of claim, We will send forms for filing proof of loss. If We do not furnish these forms within 15 days of the notice, the person making the claim will have fulfilled the requirements of the Rider for the filing of such proof upon

Other Rules

- (1) No benefits will be payable for a Covered Condition if it results from any of the following:
 - (a) The misuse of alcohol or taking of drugs (other than under the direction of a registered medical practitioner other than the Primary Insured or a member of the Primary Insured's immediate family);
 - (b) Suicide prior to the Rider being in effect for two years, or injuries intentionally self-inflicted, whether sane or insane;

- (2) Also, no benefits will be payable if:
 - (a) The Policy has been assigned, unless the person to whom the Policy has been assigned consents to the payment; or
 - (b) An irrevocable beneficiary has been named under the Policy, unless all such irrevocable beneficiaries consent to the payment; or
 - (c) The person entitled to benefit is married and resides in a community property State or State with similar rules, unless the spouse of the person entitled to the benefit consents to the payment.

C. ACTIVITIES OF DAILY LIVING (ADLs)

Activities of Daily Living (ADLs) refer to certain basic daily tasks necessary to maintain a person's health and safety. For the Rider, ADLs are defined as the activities described below:

- (1) **Transferring.** Sufficient mobility to move into or out of a bed, chair or wheelchair or to move from place to place, either via walking, a wheelchair or other means.
- (2) Continence. The ability to maintain control of bowel and bladder function; or, when unable to maintain control of bowel or bladder function, the ability to perform associated personal hygiene (including caring for catheter or colostomy bag).
- (3) **Dressing**. Putting on and taking off all items of clothing and any necessary braces, fasteners or artificial limbs.
- (4) **Toileting**. Getting to and from the toilet, transferring on and off the toilet and performing associated personal hygiene.

D. SUBSTANTIAL ASSISTANCE

Substantial Assistance means either Hands-on Assistance or Stand-by Assistance.

Hands-on Assistance means the physical assistance of another person without which the Primary Insured would be unable to perform the ADL.

Stand-by Assistance means the presence of another person within the Primary Insured's arm's reach, to prevent, by physical intervention, injury to the Primary Insured while he or she performs an ADL (such as being ready to catch the Primary Insured if he or she falls while getting into or out of the bathtub or shower as part of bathing, or being ready to remove food from the Primary Insured's throat if he or she chokes while eating).

E. OTHER IMPORTANT DEFINITIONS

(1) <u>Legally Qualified Physician.</u> A person - other than: You, or the Primary Insured, or a member of their immediate family(s), or a business associate of You or the Primary Insured - who is duly licensed and practicing medicine in the United States, and who is legally qualified to diagnose and treat sickness and injuries.

The physician must be providing services within the scope of his or her license, and must be a board certified specialist where required under the Rider.

- (2) <u>Diagnosis.</u> The definitive establishment of a Covered Condition through the use of clinical and/or laboratory findings. The Diagnosis must be made by a Legally Qualified Physician who is a board certified specialist where required under the Rider.
- (3) Face Amount. This means either the Face Amount of the Policy or the Basic Death Benefit Amount covering the Primary Insured under the Policy, whichever is applicable.
- (4) <u>First Ever Diagnosis or Procedure.</u> This means a Diagnosis or procedure that is the first time ever in a Primary Insured's lifetime that he or she has undergone that specific procedure, or been diagnosed with that specific condition.
- (5) <u>Date of Diagnosis</u>. The date the Diagnosis is established by a Legally Qualified Physician, who is a board certified specialist where required under the Rider, through the use of clinical and/or laboratory findings as supported by the Primary Insured's medical records. For a procedure, it is the date the Primary Insured undergoes the procedure.
- (6) <u>Clinical Diagnosis.</u> A Diagnosis of Invasive Cancer based on the study of symptoms and diagnostic test results. We will accept a Clinical Diagnosis of cancer only if the following conditions are met:
 - (a) A Pathological Diagnosis cannot be made because it is medically inappropriate or life threatening;
 - (b) There is medical evidence to support the Diagnosis; and
 - (c) A Legally Qualified Physician is treating the Primary Insured for Invasive Cancer.
- (7) Pathological Diagnosis. A Diagnosis of Invasive Cancer based on a microscopic study of fixed tissue or preparations from the hemic (blood) system. This type of Diagnosis must be done by a Legally Qualified Physician who is a board certified pathologist and whose Diagnosis of malignancy conforms to the standards set by the American College of Pathology.

IV. OTHER MATTERS

- (1) There are no administrative expense charges required at any time under the Rider.
- (2) The Rider ends if the Policy ends.

V. GENERIC ILLUSTRATION

Here is an example showing the effect of the payment of a 25% benefit for Aortic Surgery on the Policy's Death Benefit and Policy's premium: \$50,000 Face Amount Policy

\$12,500 - equal to 25% of the Face amount - is paid under Rider

- The Death Benefit under Policy is reduced to \$37,500
- o The Policy's current annual premium of \$520 reduces to \$395

Note: The premium reduction is not pro-rata because the Policy premium includes a \$20 policy fee which does not vary with the Face Amount and is not reduced.
